

11'th EU sanctions package against Russia

Background

EU sanctions against Russia were first implemented in 2014 and updated in 2022 and 2023 and contain a prohibition to either directly or indirectly buy or import certain listed goods from Russia, mainly iron and steel. Sanctions additionally include directly or indirectly buying or importing listed goods containing iron or steel originating from Russia that has been processed in Russia or any other country outside of Europe

Analysis

Dantrafo A/S have received information from our main suppliers for iron and steel which confirm compliance to the 11'th EU sanctions package against Russia.

Dantrafo statement

To the best of our knowledge, we hereby declare that the products/components produced by Dantrafo A/S comply with the 11'th EU sanctions package against Russia for materials related to iron and steel.
